ISO 9001: 2015 CERTIFIED

We are proud to announce that Cardinal Paint and Powder, Inc. is now ISO 9001: 2015 certified. In February Cardinal successfully completed the auditing phase of the process and this month we have received our certification. ISO 9001: 2015 is an

internationally recognized standard certifying that our quality management system consistently meets our exacting standards, so customers can be sure they will receive a quality product. Cardinal's environmental management system was already certified under ISO 14001: 2004 and we are very pleased that our quality system has also been approved.

POWDER ONLINE

In our effort to provide customers with what they need, we are happy to announce that powder coatings are now available from shop.cardinalpaint.com. We have taken twenty-six of our most popular stock powder coatings and made them available in small quantities. Customers that don't need large quantities are able to order smaller volumes with the added bonus that they are available online. We are working to bring our whole range of stock powder coatings to the ecommerce site. Check back regularly to see what new products have been added and if you have any suggestions on what colors you would like to see please let us know on our facebook page, by email or phone.

FABTECH MEXICO

Over 13,000 attendees from Mexico and South America will converge on FABTECH MEXICO to find solutions, network, learn and experience first-hand the latest innovations in the metal forming, fabricating, welding and finishing industries. Cardinal will be attending FABTECH MEXICO from May 2 to May 4 at booth number **3719**.

PANTONE

Cardinal is an authorized Pantone partner and we offer a wide selection of industry standard colors in the PMS deck. If you're looking for a specific PMS color please check out the Pantone section of shop.cardinalpaint.com for custom and stock aerosols.

MONTHLY OFFERS

Take 10% OFF Pantone stock and custom aerosol touch-up cans from now to May 12 with the promo code:
