

## C241-BK109 INTERM RAVEN BLACK

### 1. PRODUCT AND COMPANY IDENTIFICATION

**PRODUCT NAME:** C241-BK109 INTERM RAVEN BLACK

**PRODUCT USE: Industrial Powder Coating** 

**MANUFACTURER** 24 HR. EMERGENCY TELEPHONE NUMBER

> CHEMTREC (US Transportation): (800)424-9300 **CHEMTREC (International Transportation)**: (202)483-7616

WEB: WWW.CARDINALPAINT.COM

2. HAZARDS IDENTIFICATION

Cardinal Paint and Powder

1329 Potrero Ave S. El Monte, CA, 91733

626 444-9274

**SIGNAL WORD: WARNING** 

## **HAZARD STATEMENTS:**

H351 Suspected of causing cancer.

H372 Causes damage to organs through prolonged or repeated exposure.

H317 May cause an allergic skin reaction.

## PRECAUTIONARY STATEMENTS:

P201 Obtain special instructions before use.

P202 Do not handle until all safety precautions have been read and understood.

P260 Do not breathe dust.

P280 Wear protective gloves/protective clothing/eye protection/face protection.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name               | Weight %      | CAS Number |
|-----------------------------|---------------|------------|
| Hydrated magnesium silicate | 1% - 5%       | 14807-96-6 |
| Carbon Black                | 0.50% - 0.99% | 1333-86-4  |
| Crystalline Silica          | 0.10% - 0.50% | 14808-60-7 |

### 4. FIRST AID MEASURES

#### Description of first aid measures.

EYE CONTACT: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor/physician.

SKIN CONTACT: Remove affected clothing and wash all exposed area with mild soap and water, followed by warm water rinse. Wash with plenty of soap and water. If skin irritation or rash occurs: Wash with plenty of soap and water. Get medical advice/attention. Wash contaminated clothing before reuse. Brush off loose particles from skin. Immerse in cool water/wrap in wet bandages.

## **SAFETY DATA SHEET**

**ISSUED:** 8/22/2018 **REFERENCE:** BK109-C241

**INGESTION:** Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention. Call a Poison Center or doctor/physician of you feel unwell.

**INHALATION:** Allow victim to breathe fresh air. Allow victim to rest. Remove to fresh air and keep at rest in a position comfortable to breath. Call a Poison Center or doctor/physician if you feel unwell.

**Most important symptoms and effect, both acute and delayed :** Symptoms/Injuries: May cause genetic defects. Causes damage to organs. - After Inhalation: Danger of serious damage to health by prolonged exposure through inhalation. Harmful if inhaled. May cause an allergic skin reaction. May cause cancer by inhalation. - After Eye Contact: Causes serious eye damage. - After Ingestion: Swallowing a small quantity of this material may result in serious health hazard. Indication of any immediate medical attention and special treatment needed: No additional information available.

### **5. FIRE FIGHTING MEASURES**

SUITABLE EXTINGUISHING MEDIA: Foam, alcohol foam, dry chemical, carbon dioxide, water fog or sand.

UNSUITABLE EXTINGUISHING MEDIA: Do not use heavy water stream.

**FIRE FIGHTING PROCEDURE:** Firefighting instructions: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering the environment.

Protection during firefighting: Firefighters should wear full protective gear. Do not enter fire area without proper protective equipment, including self-contained breathing apparatus with full face piece operated in pressure demand or other positive pressure modes.

UNUSUAL FIRE AND EXPLOSION HAZARD: This product is stable at normal handling and storage conditions.

#### **6. ACCIDENTAL RELEASE MEASURES**

**PERSONAL PRECAUTIONS, PROTECTIVE EQUIPMENT AND EMERGENCY PROCEDURES:** General measures: Remove ignition sources. Use special care to avoid static electric charges. No smoking.

FOR NON-EMERGENCY PERSONNEL: For non-Emergency procedures: Evacuate unnecessary personnel.

**FOR EMERGENCY RESPONDERS :** Protective equipment : Equip cleanup crew with proper protection. - Emergency procedures : Ventilate area.

**ENVIRONMENTAL PRECAUTIONS:** Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public water. Avoid release to the environment.

**METHODS AND MATERIAL FOR CONTAINMENT AND CLEAN UP:** On land, sweep or shovel into suitable containers,. Minimize generation of dust.

#### 7. HANDLING AND STORAGE

**PRECAUTIONS FOR SAFE HANDLING:** Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when you are leaving work. Provide good ventilation in process area. Use only in well ventilated areas. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Eliminate all ignition sources if safe to do so. Avoid breathing dust, fumes and/or vapors.

Hygiene measures: Wash Skin thoroughly after handling.

**CONDITIONS FOR SAFE STORAGE, INCLUDING INCOMPATIBILITIES:** Avoid heat sources and direct sunlight. Store in a dry place. Protect from moisture. Keep container closed when not in use. Keep only in the original container in a cool well ventilated place away from heat, ignition sources and direct sunlight.

Incompatible products: Strong bases. Strong acids.

Incompatible materials: Source of ignition. Direct sunlight.

## 8. EXPOSURE CONTROLS\PERSONAL PROTECTION

| Amorphous Pyrogenic Silica(112945-52-5)  |   |  |

## PERSONAL PROTECTIVE EQUIPMENT

**RESPIRATORY PROTECTION:** Wear approved dust mask.

**HAND PROTECTION:** Wear protective gloves.

**EYE PROTECTION:** Chemical goggles or safety glasses.

**SKIN AND BODY PROTECTION:** Wear suitable protective clothing.

WORK HYGIENIC PRACTICES: When using do not eat or drink. When using do not smoke. Wash hands before breaks and at the end of workday.

### 9. PHYSICAL AND CHEMICAL PROPERTIES

| Physical state            | : | Solid               |
|---------------------------|---|---------------------|
| Melting point             | : | 55 - 90 deg C       |
| Flash point               | : | No data available.  |
| Lower explosion limit     | : | 10 g/m <sup>3</sup> |
| Upper explosion limit     | : | 70 g/m <sup>3</sup> |
| Density                   | : | 1.6858              |
| Solubility                | : | No data available.  |
| Autoignition temperature  | : | No data available.  |
| Decomposition temperature | : | No data available.  |

## 10. STABILITY AND REACTIVITY

**REACTIVITY:** This product is stable at normal handling and storage conditions.

**CHEMICAL STABILITY:** Stable under normal conditions.

**CONDITIONS TO AVOID :** Direct sunlight. Extremely high or low temperatures.

**INCOMPATIBLE MATERIALS:** Strong acids. Strong bases.

HAZARDOUS DECOMPOSITION PRODUCTS: Fume. Carbon monoxide. Carbon dioxide.

## 11. TOXICOLOGICAL INFORMATION

| Amorphous Pyrogenic Silica(112945-52-5)          |   |
|--|---|
| Acute toxicity - Inhalation                      | No data available   |
| Acute toxicity - Dermal                          | No data available   |
| Skin irritation                                  | No data available   |
| Respiratory or skin sensation                    | No data available   |
| Germ cell mutagenicity - rat - lungs             | Body fluid assay  |
| Germ cell mutagenicity - rat                     | Unscheduled DNA synthesis   |
| Carcinogenicity - Rat - Inhalation               | Tumorigenic: Carcinogenic by RTECS criteria. Lungs, thorax, or          |
| Carcinogenicity Nat Inhalation                   | respiration: tumors   |
| IARC   | Not classifiable as to its carcinogenicity to human                     |
| ACGIH  | No component of this product present at levels greater than or equal to |
|  | 0.1% is identified as a carcinogen or potential carcinogen by ACGIH     |
| NTP  | No component of this product present at levels greater than or equal to |
|  | 0.1% is identified as as known or anticipated carcinogen                |
| OSHA   | No component of this product present at levels greater than or equal to |
|  | 0.1% is identifed as a carcinogen or potential carcinogen by OSHA       |
| Reproductive toxicity                            | No data available   |
| Specific target organ toxicity - single          | No data available   |
| exposure   |   |
| Specific target organ toxicity - repeated        | No data available   |
| exposure   |   |
| Aspiration hazard                                | No data available   |
| Additional information                           | To the best of our knowledge, the chemical, physical, and toxicological |
|  | properties have not been thoroughly investigated                        |
| Additional information                           | Stomach irregularities based on human evidence                          |

| OSHA   | no component of this product present at levels greater than or equal to |
| Paproductive toxicity                            | 0.1% is identified as a carcinogen or potential carcinogen by OSHA      |
| Reproductive toxicity                            | no data available   |
| Specific target organ toxicity - single exposure | HU Udla avallable   |
| Specific target organ toxicity - repeated        | no data available   |
| exposure   | TIO uata available  |
| Aspiration hazard                                | no data available   |
| Aspiration nazaru                                | no data available   |

| Additional information   | Amorphous silica is not classified as to its carcinogenicity to humans, however, crystalline silica inhaled in the form of quartz or cristobalite from occupational sources is carcinogenic to humans (Group 1, IARC). Therefore, amorphous silica should be handled as if possessing the same hazards as the crystalline form. To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated. |
|--|---|
| Additional information   | Stomach - irregularities - based on human evidence  |
|  | Stornach in egularities - based on numan evidence   |
| Barium Sulfate(7727-43-7)  |   |
| Acute toxicity - inhalation  | No data available   |
| Acute toxicity - Dermal  | No data available   |
| Skin irritation  | No data available   |
| Eye irritation   | No data available   |
| Respiratory or skin sensation  | No data available   |
|  |   |
| Germ cell mutagenicity - mouse -   | No reported data  |
| micronucleus test  |   |
| Carcinogenicity - rat - intrapleural - tumorigenic                         | Equivocal tumorigenic agent by RTECS criteria. Lungs, Thorax, or Respiration: Tumors  |
| IARC   | No component of this product present at levels greater than or equal to 0.1% is identified as a probable, possible, or confirmed human carcinogen by IARC   |
| ACGIH  | No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH   |
| NTP  | No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP  |
| OSHA   | No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA  |
| Reproductive toxicity  | No data available   |
| Specific target organ toxicity - single exposure                           | No data available   |
| Specific target organ toxicity - repeated exposure                         | No data available   |
| Aspiration hazard  | No data available   |
| Additional information   | Prolonged inhalation of dust may cause baritosis, a benign  |
| Additional information   | pneumoconiosis. If ingested, the presence of soluble barium salts as impurities may cause toxic reactions due to bioaccumulation., Damage to the lungs., To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.  |
| Additional information   | Stomach irregularities - based on human evidence  |
| Carbon Black(1333-86-4)  |   |
| LD50 Oral - Rat  | > 8,000 mg/kg, male and female, (OECD Test Guideline 401)   |

| Germ cell mutagenicity  | no data available   |
| Carcinogenicity   | Limited evidence of carcinogenicity in human studies  |
| IARC  | Group 1: Carcinogenic to humans (Quartz)  |
| ACGIH   | No component of this product present at levels greater than or equal to   |
| NTD   | 0.1% is identified as a carcinogen or potential carcinogen by ACGIH   |
| NTP   | Known to be human carcinogen (Quartz)  No component of this product present at levels greater than or equal to  |
| OSHA  | 0.1% is identified as a carcinogen or potential carcinogen by OSHA  |
| Reproductive toxicity   | no data available   |
| Specific target organ toxicity - single   | no data available   |
| exposure  | no data available   |
| Specific target organ toxicity - repeated   | may cause damage to organs through prolonged or repeated exposure   |
| exposure - inhalation   |   |
| Aspiration hazard   | no data available   |
| Additional information  | Prolonged inhalation of crystalline silica may result in silicosis, a disabling   |
|   | pulmonary fibrosis characterized by fibrotic changes and miliary nodules  |
|   | in the lungs, a dry cough, shortness of breath, emphysema, decreased chest expansion, and increased susceptibility to tuberculosis. In advanced   |
|   | stage, loss of appetite, pleuric pain, and total incapacity to work.  |
|   | Advanced silicosis may result in death due to cardiac failure or destruction  |
|   | of lung tissue. Crystalline silica is classified as group 1 "known to be  |
|   | carcinogenic to humans" by IARC and "sufficient evidence" of  |
|   | carcinogenicity by the NTP., The chronic health risks are associated with   |
|   | respirable particles of 3-4 um over protracted periods of time. Currently,  |
|   | there is a limited understanding of the mechanisms of quartz toxicity,  |
|   | including its mechanisms for lung carcinogenicity. Additional studies are   |
|   | needed to determine whether the cell transforming activity of quartz is   |
| Additional information  | related to its carcinogenic potential.  |
| Additional information Diethanolamine(111-42-2)   | Liver - Irregularities - based on human evidence  |
| LD50 Oral - Rat - male and female   | 1,600 mg/kg (OECD Test Guideline 401)   |
| LD50 Dermal - Rabbit  | 12,200 mg/kg  |
| LD50 Intraperitoneal - Rat  | 120 mg/kg   |
| LD50 Intravenous - Rat  | 778 mg/kg   |
| Skin Corrosion/irritation   | No data available   |
| Serious eye damage/eye irritation   | Rabbit - Risk of serious damage to eyes (OECD Test Guideline 405)   |
| Respiratory or skin sensitization   | Guinea pig - Did not cause sensitization on laboratory animals  |
| Germ cell mutagenicity  | Micronucleus test lymphocyte - Result Negative  |
| Mutagenicity (micronucleus test) Mouse  | Result: Negative  |
|   | Result: Negative  |
| male and female   | -   |
| Carcinogenicity - IARC  | 2B - Group 2B Possibly carcinogenic to humans   |

#### 13. DISPOSAL CONSIDERATIONS

#### WASTE TREATMENT METHODS

**GENERAL INFORMATION:** No data available.

**DISPOSAL METHOD:** Dispose of in accordance with Local, State, Regional, National and International Regulations.

Ecology - waste materials: Avoid release to the environment.

### 14. TRANSPORT INFORMATION

| ^Crystalline Silica    | 14808-60-7    |

### National Regulations Key

~ Indicates a chemical listed by IARC as a possible carcinogen.

^ Indicates a chemical listed by IARC as carcinogenic to humans.

# RDINAL SAFETY DATA SHEET

**ISSUED:** 8/22/2018 **REFERENCE:** BK109-C241

### STATE REGULATIONS **CALIFORNIA PROPOSITION 65**

| This product contains:       | Chemical CAS# |
|------------------------------|---------------|
| *Hydrated magnesium silicate | 14807-96-6    |
| *Carbon Black                | 1333-86-4     |
| *Crystalline Silica          | 14808-60-7    |
| *Diethanolamine              | 111-42-2      |

## **Proposition 65 Key**

WARNING: This product can expose you to a chemical(s), including those listed above, which is (are) known to the State of California to cause cancer.

For more information visit <u>WWWPROP65.CA.GOV</u>.

WARNING: This product can expose you to a chemical(s), including those listed above, which is (are) known to the

State of California to cause birth defects or other reproductive harm.

For more information visit <u>WWWPROP65.CA.GOV</u>.

WARNING: This product can expose you to a chemical(s), including those listed above, which is (are) known to the

State of California to cause cancer and birth defects or other reproductive harm.

For more information visit WWWPROP65.CA.GOV.

## **Massachusetts Right to Know**

| This product contains       | Chemical CAS# |
|-----------------------------|---------------|
| Limestone                   | 1317-65-3     |
| Barium Sulfate              | 7727-43-7     |
| Hydrated magnesium silicate | 14807-96-6    |
| Carbon Black                | 1333-86-4     |
| Amorphous Silica            | 112926-00-8   |
| Crystalline Silica          | 14808-60-7    |
| Diethanolamine              | 111-42-2      |
| Glycerol                    | 56-81-5       |

### Pennsylvania Right to Know
